

## CELEBRATIONS

### Eid ul Fitr

If it falls close to a Sunday, then the school will be closed. Watch for updated calendars.

### Eid ul Adha

All students in ADAMS Sunday School perform a Hajj simulation. Students are prepared for Ihram and then go through the steps of Hajj. The upper grades help in the preparation for the Hajj. Students are given 'passports' which are stamped at different locations in the Hajj. They learn the names of the places and the steps needed to 'perform' Hajj. It is fun and educational. Parents are welcome to attend this program.

## SUGGESTIONS & CONCERNS

This Sunday School Program belongs to you, the parents and students of the community. Any issues, problems, complaints, or suggestions for improvement are our collective concern. We must work together to make this school the best it can be. The parents and the students who have any issues or concerns are encouraged to discuss them with the Administration team for mutually acceptable solutions. All parents and students are encouraged to make suggestions for improvements in writing. These comments may be handed to the Administration team or left in the office.
